*With the current dispute with cmc regarding allotted people off per day. It is too difficult to post any availability list. You must check with L.C. Vesely on available dates. Email is preferred at [kokanee3@frontier.com](mailto:kokanee3@frontier.com) . With advanced picks the present process is as follows. PL days are called in the last week of the month preceeding the following month. For example April days are called in the last week of March. Once called in they cannot be given up. At this time I think only one off on Saturdays and Sundays. Monday thru Friday 3. The hope is the weekend situation will get better.*

*Thanks, Brother Koch*
